Rush

This year, the Zeta Lambda chapter set a goal to bring in 20 new members. We didn't quite reach that goal with our 17 signed bids, but we are still proud of the outcome due to the unique situation our chapter is currently in.

Out of our 40 brothers, 19 are new members from last year. This means that only 21 brothers had ever participated in recruitment before, much different from last year where 21 of the brothers were seniors who had more free time and experience. This year, that lack of older, more experienced brothers made the process feel much more challenging. Many people were taking on responsibilities they hadn't handled before, and we were figuring things out together as we went.

Even with that, we were able to bring in 17 new members. We are especially happy that we accomplished this without compromising our dedication to quality of character. Our

chapter worked well together, supported each other, and kept the process positive for potential new members, even being told multiple times that we are the one fraternity on campus who does not dirty rush.

Overall, looking at how different our chapter's experience level and availability were compared to last year, we feel that this year's recruitment went well. In conjunction with last year, we built a strong foundation for future years, and now that more members have a season of recruitment under their belt, we will be even better prepared moving forward.

Current Leadership

Over the past year, we have had quite a few position changes. That, in conjunction with *The Hare* not being posted for some time, made me think it would be helpful to provide an update of our current leadership.

Summer Work Party

Over the summer, we had our annual summer work party. The basement floor had started to deteriorate some after years of use, so the project was to install new floors. Multiple alumni came to install the new laminate floors. It was a great time.

Social Events

This past quarter, we hosted a pumpkin-art social with Chi Omega. In the dining room, we had a pumpkin carving competition, and in the chapter room, we had a pumpkin painting competition.

Homecoming

Homecoming this year was a blast. Seeing alumni you haven't seen in a while and meeting new ones is always a lot of fun. Of course, my favorite part is the bonfire, which was phenomenal as always. The next day, for the football game, the chapter rented a tent and catered a nacho bar, courtesy of our very own chef, Holly. It was delicious. There was a large turnout of alumni, and everyone had a great time.

Alumni Engagement and Delta Sigma Housing Map

The plan for Alumni engagement is to continue with professional development talks. This could consist of what to do after graduation, building up a LinkedIn, financial assistance, or perhaps starting your own business. If you have any interest in helping with this, please contact me by email at sprinkph@rose-hulman.edu.

As a reminder, there is a Delta-Sig Housing map with the link below. Please continue to fill this out as it will help Alumni connect with each other and it will also help actives connect with Alumni. If there are new Alumni in your area, reach out to them and reconnect with them. I'd like to see it filled out as much as possible.

Hopefully, you enjoyed this revival of *The Hare*!

If you liked something in old versions that I left out or want to see something new, let me know.

Also, if you have any fun stories to share, I would love to hear them and include them in the next edition.

In either case, send me an email at sprinkph@rose-hulman.edu.
